

PIN OAK MIDDLE SCHOOL is pleased to offer

TECHNOLOGY FOR PARENTS

Have you found yourself saying “My child knows more than I do when it comes to computers”? If so, Pin Oak Middle School wants to help you bridge the gap between what your child knows and what you can do to assist them with their school work. After all, being able to use technology is rapidly becoming a requirement for being an informed citizen and a productive worker. No matter how tech savvy our children are, they need our involvement, our experience, and our good judgment. Our parent computer classes will provide you with an overview of what your child is learning during his/her middle school years in addition to what you need to know in regards to available online resources to help your child succeed.

ALL CLASSES ARE FREE OF CHARGE!!!

The classes will cover such valuable information as:

- Student Parent Portal and how to Access GradeSpeed
- Email tidbits
- Accessing online resources
- Microsoft Excel & other office applications
- Social Networking including safety concerns and Internet predators
- Photoshop Fun: How to edit and manipulate graphics
